Total package per player for unlimited golf (36 holes reserved on Friday & 18 holes reserved on Saturday and 18 holes reserved on Sunday at the courses) listed plus separate beds for everyone in 4 bed 2 bedroom condo suites for Thursday night, Friday night and Saturday night, breakfast buffet Friday, Saturday, Sunday is:

\$280.00!!! WOW!!!!

This includes unlimited play on any course at the resort and/or the WEE LINKS pitch & putt course behind the rooms. I left Saturday afternoon open for college football but can book tee times in advance for those interested.

I know...it is really early but the price is so low I had to book it and if we are to have any chance of adding players if necessary for room & tee time accommodations we have to do it early.

I have attached a list of invitations I have made thus far and not surprisingly it is more than I have reserved. I have booked 28 spots. The resort has asked for a \$100 deposit per player by June 1st. I have to therefore make the caveat: First Come First Served. I do not want to shut anyone out, but the first 28 \$100 deposits I receive will be committed. Then if I have further interest I will start a waiting list and contact the course to see if it possible to get bigger.

Note that as usual Thursday golf is outside the package and optional. I have booked 20 spots at Red Hawk and negotiated the price of \$39/pp for that number or more. You have to tell me early if you are doing that or not.

For those invitees who don't know how we do 36 holes on Friday with such a large group, we play a 2 man team Ryder Cup game all day (9 holes each best ball, alternating shot, match play and 2man scramble).

No checks at the time of the weekend. If you wish to pay by check pay me by one week in advance so I can clear the check and take the cash with me to pay the resort. For those who prefer to pay deposits on credit card you may do so only if you call me and tell me you are doing so as I am keeping the group list of players committed.
